IV. PRESENTATION

• Age Exchange – Services for the Aging

O Ms. Pam Schafer shared her gratitude to the Board. MHAS has been funding Age Exchange Program for 28 years. She shared a couple hours a week makes a positive difference in the children's lives. The transportation service is wonder because it breaks down a potential barrier if the child does not have reliable transportation to and from the program. Transporting the children allows Ms. Schafer to relate with each child individually, giving her the opportunity to get a glimpse of their home life. The children in the program are handpicked by the school's guidance counselor's office. She shared her volunteers are amazing, outgoing, and loving. The program is blessed to have each one of them. She is excited to start the school year, the program is off in the summer. Every day is like a party and the children are so excited to come. The group of children is not too big, this way the interaction is personal and meaningful. The program recognizes children

may have had a really hard day. The program teaches them to turn that negative into a positive, go back tomorrow and make it the best you can.

- Ms. Nora Knople asked how many children does the program service.
 - Ms. Schafer responded there are 40 children and 45 senior volunteers. She has never had to advertise to get volunteers, they are all handpicked, then interviewed with backgrounds checked and fingerprinted before starting. The seniors have shared the children are a part of what keep them going.
